

Organizational Profile

Quality For Health and Pride, Community Based Organisation (Q-FHAP)

Who We Are

Quality For Health and Pride (Q-FHAP) is a key-population-led programme founded in 2022 and registered as a community-based organization (CBO) in 2024. Q-FHAP promotes access to quality health and human rights services for marginalized and underserved communities, including sexual and gender minority persons, ensuring they receive dignified, high-quality care free from stigma and discrimination.

Our Vision

A society in which every person, regardless of identity, can access quality health services and enjoy their full human rights with dignity.

Our Mission

To advance health equity and human rights for marginalized communities through community-led prevention, care, treatment support, and advocacy.

What Guides Us

- **Dignity** — every person is served with respect and without judgement.
- **Community leadership** — programmes are led by and for the communities we serve.
- **Confidentiality** — privacy and safety are protected at every step.
- **Equity** — quality care is a right, not a privilege.
