

Programmes Fact Sheet

Quality For Health and Pride, CBO (Q-FHAP)

Our Programme Areas

HIV Prevention & Care

Comprehensive HIV prevention, care, and treatment support services, ensuring marginalized groups receive dignified, high-quality healthcare without stigma or discrimination.

Human Rights Advocacy

Championing gender equality and human rights for sexual and gender minorities, and working to reduce stigma and discrimination in health and community settings.

Community Outreach & Peer Support

Peer-led outreach that meets people where they are — building trust, sharing accurate health information, and linking community members to friendly services.

Capacity Building

Training and mentorship that strengthen community members and partners to lead health and rights work in their own settings.
